

Studying in Kampar is very enjoyable because the environment here is great. Student life might be stressful at times but still manageable.

It's carefree staying here as we don't need to spend time on house cleaning since cleaning services are provided by the hostel management.

There are food delivery services available, which is extremely convenient for those with no transport.

It is a life changing experience studying in UTAR, Kampar- it has made me an independent and easy-going person.

Living here sometimes makes me feel hectic having to juggle my studies with all the assignments and presentations at the same. However, Kampar is a food paradise as the food here is nice and reasonable.

Studying in UTAR is stressful but staying in a small town is relaxing .

Living in Westlake is convenient because it is near to campus and also the restaurants at new town.

I have difficulty in adapting to a new environment at the beginning. However, meeting new friends and lecturers in UTAR have changed my mind.

I like the environment at Westlake Homes as it is peaceful and beautiful. Besides, it is a place where its suitable for both study and relaxation.

UTAR, Kampar is a wonderful place for study as it is peaceful and comfortable.

It is a peaceful and enjoyable lifestyle here with an array of food, entertainment and good friends. Danish House makes me feel I'm home. I have stayed in Danish House for 3 years as their services have exceeded my expectation and satisfaction.

Westlake is the best and perfect place for students to stay as all the accommodation, food and entertainment are round the corner and friends are nearby, making it more convenient for assignment discussion.

I have gained different perspectives on my outlook of life. I have learnt to value things that matters, especially my relationship.

Kampar lifestyle is simple yet fulfilling. I love the cycling culture here.

Danish House is cool. I have stayed in my hostel for 3 years without a thought of changing my room because the space and the facilities they provide are conducive for my university life.

Studying in UTAR Kampar is an unforgettable experience that has impacted my life.

It is definitely good to study here as the place here is peaceful and harmony. People here are eco-friendly as they cycle wherever they go.

Danish House is good and that's the reason I choose to stay here for 3 years.

Studying in UTAR is quite relaxing and enjoying in the first year but soon you will find out that your life will get more hectic in the following years. Hostel life is pretty interesting, as students will stay up late walking and chatting with friends. There is a beautiful and stunning sunset in Kampar too.

I have recommended friends to stay with Danish House and will continue doing so as I enjoy staying here in Westlake.

Making friends in university life makes my life more meaningful and interesting. The lecturers and staffs are friendly as they are willing to guide the students when they have difficulties. I'm grateful to meet friends that can 'play hard, work smart'. Besides, participating in events and socializing with people made me recognize the importance of being an all-rounder.

Kampar is a fabulous and mesmerizing town. It is a city that never sleep with food being a constant. The town will turn vibrant at night as students come from all directions looking for food. Two words to describe Kampar lifestyle: Fabulous Fantasy.

Danish House has provided services which I'm adequately satisfied with such as laundry service, housekeeping.

Kampar is a place where suitable for students to study as the environment is peaceful, quiet and safe.

I will recommend Danish House to my juniors as all the necessary services are provided such as house cleaning, laundry and van services.

Lastly, staying in Westlake is good as the distance between the UTAR and restaurants are near.
